FAMILY AI APPS · HOLIDAY EXAMPLE

Our Thanksgiving routine

One visit, five small steps · Ages 3–6

1

Pack one toy

A bag for your chosen toy

☐

2

Say hello

A wave or a few words is enough

☐

3

Choose an activity while dinner's cooking

Drawing or a familiar book?

☐

4

Eat together

The bowl is a general meal cue

☐

5

Help clear one thing

One napkin, with your grown-up

☐

If the plan changes

If dinner is late: keep the activity step on the board; leave dinner and clearing for later.

After the core: optional quiet reset, then goodbye, then familiar bedtime.

Example to build in Routina, not built-in. Official art where it fits; other steps use text.
